

# **SUBSURFACE, INC**

**Drainage Structure Maintenance & Repair**

**Position:** UV CIPP Curing Operator  
**FLSA:** Non-Exempt  
**Location:** Moorhead, MN  
**Reports To:** Crew Lead  
**Revision Date:** February 2025

## **Purpose**

The UV CIPP Curing Operator oversees the curing process for ultraviolet (UV) cured-in-place pipe (CIPP) rehabilitation projects. The operator will be responsible for setting up, monitoring, and controlling the UV curing equipment to ensure the proper installation of trenchless pipe liners. This role requires strong technical expertise, problem-solving skills, and adherence to safety protocols.

## **Essential Duties**

- Operate UV curing equipment to install CIPP liners for storm and sewer pipeline rehabilitation
- Set up and inspect liners, ensuring proper placement before initiating the curing process
- Monitor curing parameters such as UV light intensity, temperature, and pressure to ensure optimal results
- Troubleshoot and resolve equipment malfunctions or curing inconsistencies
- Perform pre- and post-installation inspections to ensure quality control
- Maintain detailed records of project data, including curing logs and equipment performance
- Adhere to safety and environmental regulations, including confined space entry and traffic control procedures
- Perform routine maintenance and calibration of curing equipment
- Work collaboratively with CIPP technicians, project managers, and field crews to ensure efficient operations
- Travel to job sites and work in various weather conditions as required
- Other duties as assigned

## **Qualifications**

### ***Required***

- Experience operating UV CIPP curing equipment (e.g., IBG, ProKASRO, I.S.T., or similar systems)
- Knowledge of CIPP installation procedures, pipeline rehabilitation, and trenchless technology
- Valid driver license and clean driving record
- Strong mechanical and technical troubleshooting skills
- Detail oriented
- The ability to travel 100% of the time on a weekly basis during the construction season.
- Ability to handle and resolve interpersonal conflict
- Ability to perform in a fast-paced, stressful work environment
- Ability to respond quickly, accurately, and professionally to demands and requests from customers and employees
- Exemplifies Subsurface, Inc's Core Values

**Preferred**

- Valid CDL
- PACP, LACP, MACP certification or willingness to obtain
- OSHA 10 or 30 certification
- Confined space entry and rescue certification
- Previous experience in trenchless pipeline rehabilitation or sewer maintenance

**Physical Requirements**

Heavy Work – The ability to lift to 75 lbs and perform physically demanding tasks. Ability to work in confined spaces and follow proper safety procedures.

*This position description does not list all the duties of the position. You may be asked by supervisors or managers to perform other duties. You will be evaluated in part based upon your performance of the tasks listed in this position description. The employer has the right to revise the position description at any time. The position description is not a contract for employment, and either you or the employer may terminate employment at any time, for any reason, without notice.*
